RE: Technical changes to 2001 - 2003 **STIP** Amendment #1

Dear Mr. Miller:

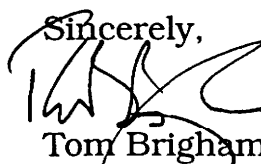

As discussed with Jennifer Bowman we have made the requested technical changes to the transit program. Enclosed are the updated pages.

Please notice that the Hollis Ferry Terminal will now use \$800,000.00 of Surface Transportation Program funding rather than \$800,000.00 of Section 5309 new start funding. Based on the latest cost estimate and to remain fiscally constrained we have diminished utility funding for the National Highway System project, Glenn Highway MP 100 to 109 Reconstruction - Caribou Creek, by \$800,000.00.

We request your approval of the amended 1998-2000 Alaska Statewide Transportation Improvement Program.

APPROVED
